

APPLICATION SOLUTION ONE SWIPE

Seamless Access Control with Hikvision Facial Recognition Technology

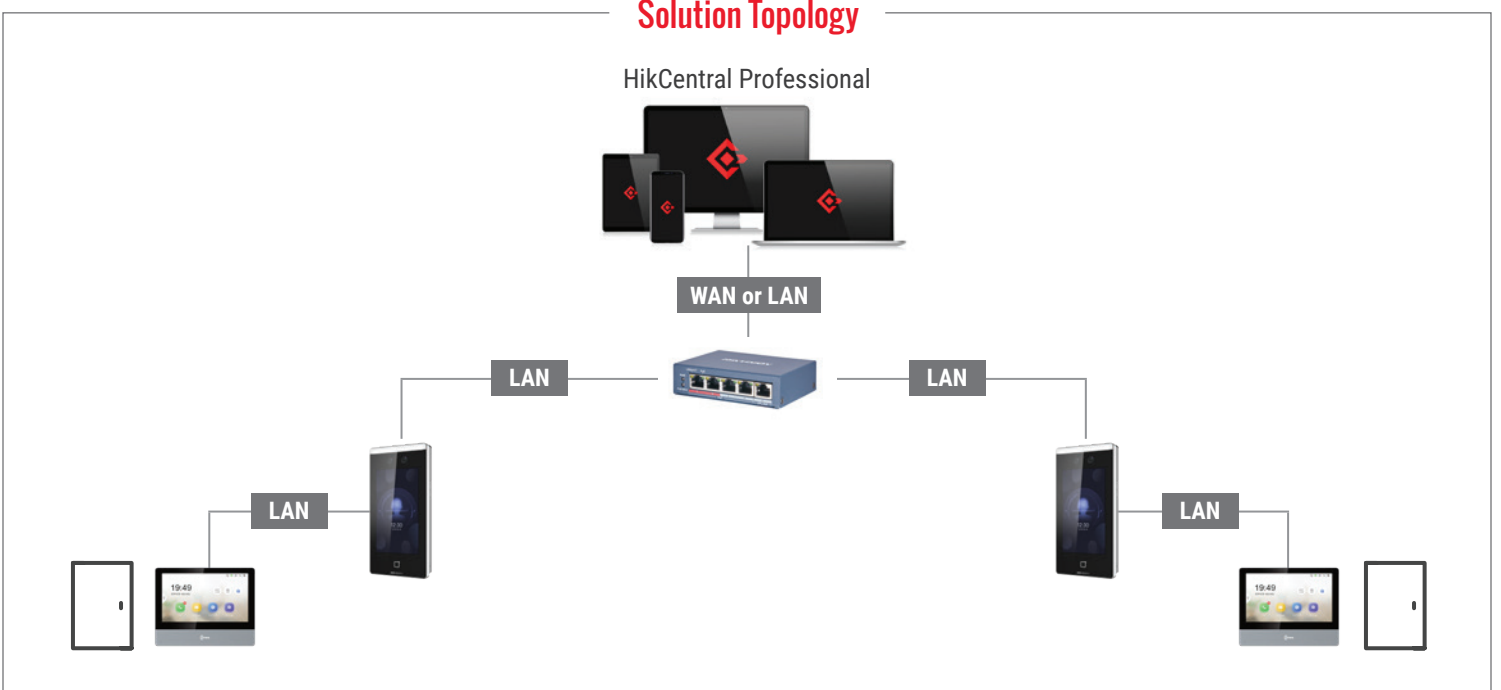

Business owners and managers face numerous challenges with traditional access control solutions. These include:

- Touch entry increases risk of exposure to germs and illness
- Lost access control cards could allow unauthorized persons to enter building.
- Inefficient check-in and identity verification process, especially during busy office hours
- Fingerprint Authentication poses a Challenge for Users Wearing Gloves and/or Protective Gear During Course of Business Operations

Hikvision's access control with facial recognition can be used with our IP indoor station and HikCentral Professional, Hikvision's central management system software, to provide highly-accurate, hygienic, touch-free, and user-friendly experience. The Hikvision solution provides an effective access control experience to safeguard property and your workforce.

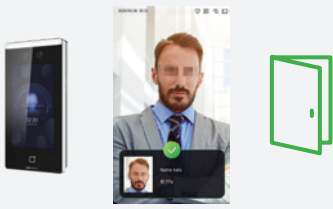

Solution Topology

Solution Feature Highlights

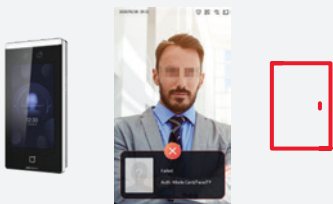

EMPLOYEE ACCESS

Touch-free Authentication

Door opens only when identity verified

Instant Alarm with Audio

No door permission on unauthorized entry

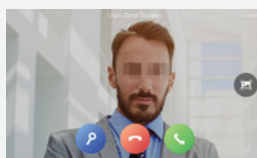

VISITOR ACCESS

Initiate Video Call

Initiate video call from the door station

See Visitor Status at Reception

Remotely grant/refuse visitor access according to credential show on the indoor station

SITE MANAGER

Search by visitor name or Visitor or event record search

Product Showcase

Face Recognition Terminal DS-K1T671M

- Face Recognition Terminal
- 7-inch Touch Screen, 2 MP WDR
- Deep Learning Algorithm Stores up to 5,000 Faces, 50,000 Events
- Face Recognition Duration ≤ 0.5 seconds
- Face Recognition Distance: 0.98 to 9.84 ft
- IP65
- Anti-Spoofing Detection

Unmanaged Gigabit PoE Switch DS-3E0505P-E

- Layer 2 Network Switch
- 4 x 10/100/1000 Mbps Ethernet Ports
- 1 x 10/100/1000 Mbps Uplink Ethernet Port

Table Stand Bracket for IP Indoor Station DS-KABH8350-T

Video Intercom Indoor Station DS-KH8350-WTE1

- 7-Inch Touch-Screen IP Indoor Station
- Wi-Fi & Standard PoE, 12V DC
- TF Card Max 32G Capture Video Call
- 8-Ch Alarm Input, 2 Alarm Output, 1x485
- Remote Unlocking via Client or App
- Live View Videos of Door Stations and External Cameras

HikCentral-P-VSS-Base/4Ch HikCentral-ACS-Base/2Door

HikCentral is a comprehensive central management system (CMS) that brings together powerful video surveillance and access control systems of any size. Easily access it from a central station using a computer or remotely via a mobile device from anywhere.

- HikCentral Professional Software
- 4-Ch Video Base Licenses
- 2-Ch Access Control Door Licenses
